For Immediate Release:

The Rotarians Society presents TATE® Fabrication

On August 16th, 2008, The Rotarians Society will welcome Tate Fabrication to announce their exciting new line of IMPEL products. Members of the press have described IMPEL as "visually stunning." The event will be held at Art of This Gallery, 3506 Nicollet Avenue Minneapolis, MN. Doors open at 7:00pm, with a presentation beginning promptly at 7:30. Guests are encouraged to arrive early as seating is limited.

A press release from TATE® is included with this announcement. Please contact Michael Eckblad with any questions or inquiries at (267) 350-9215, ext. 180.

TATE® Fabrication introduces Impel™

Hartsville – Tate Fabrication is pleased to announce the arrival of the Impel™ series, an all-new line of High-Impact Peg drivers from America's premier equipment manufacturer. The Impel™ series represents the genesis of a new era for Tate Fabrication with its 21st Century Focus on meeting American consumer's power equipment needs.

The Impel™ series includes design features that will entirely revolutionize what buyers expect from their power equipment, as it renders all other market competition instantaneously obsolete. Tate representatives will be on hand for demonstrations and answering questions.

The Impel™ series represents a revolutionary step forward in design, function, and raw appeal. Over a decade of research and development has resulted in the safest, most affordable High-Impact Peg driver series in history. The new Impels™ breath excitement. Contact press@tatefabrication.com for more information.

The word "IMPEL" is written in a large, bold, black, sans-serif font. The letter "P" is stylized with a red vertical bar on its left side and a red curved shape on its right side, resembling a stylized "P" or a hook. The letter "E" is also stylized with a red vertical bar on its left side and a red curved shape on its right side, resembling a stylized "E" or a hook.
